

Excluded Shrink Classifications

Category	Class	Fineline	Other	Notes
Fasteners	561, 564, 566, 578, 580	--	--	If your store classifies fasteners differently (Class HIL for example) then Mango will not pick these up as Excluded unless there is a SKU match to Ace's catalog.
Store Supply	--	--	Location 1 = STORE	SKUs with a Location Code of STORE or where a SKU matches Mango's internal Store Supply database will be treated as Excluded. Consider utilizing Credit PO's (or Keep Stock Info=N) to minimize shrinkage noise.
Coupon	--	--	--	SKUs with Coupon signatures are treated as excluded shrink. SKUs flagged with Coupons signatures are shown in your Exceptions.pdf report (Store Supply and Coupons, usually page 2).
Lumber	--	--	Record Type = L	Shrink to L - Lumber SKUs is treated as Excluded due to the amount of noise in this category. Lumber enabled stores can find Record Types in the upper-left corner of Inventory Maintenance.
Live Goods	--	75906	--	Live goods can have significant shrinkage which is expected in this category.
Keep Stock	--	--	IMU Codes Tab	When a SKU's Keep Stock Info status is changed from Yes to No and the SKU had a QOH value, the loss in inventory value is shrink. Your Eagle system will not list the SKU in RPH but Mango will pick up the variance and list it as excluded.
Closeout	--	--	IMU Codes Tab	Shrink due to closeout activity is treated as excluded.
Bulk - Keys	510	--	--	If your store classifies keys differently (Class KEY for example) then Mango will not pick these up as Excluded unless there is a SKU match to Ace's catalog.
Bulk - Glass	151	--	--	Bulk Goods tend to be noisy and shrink is offset by sales to a corresponding dump SKU.
Bulk - Acrylic	152	--	--	

Bulk - Wire	310	--	--	Bulk Goods tend to be noisy and shrink is offset by sales to a corresponding dump SKU.
Bulk - O-rings	404	--	--	
Bulk - Tubing	466	--	--	Bulk Goods tend to be noisy and shrink is offset by sales to a corresponding dump SKU.
Bulk - Plastic Pipe	478	--	--	
Bulk - Screen Repair	546	--	--	Bulk Goods tend to be noisy and shrink is offset by sales to a corresponding dump SKU.
Bulk - Chain	570	--	--	
Bulk - Nails	573	--	--	Bulk Goods tend to be noisy and shrink is offset by sales to a corresponding dump SKU.
Bulk - Window Screen	575	--	--	
Bulk - Rope	762	--	--	Bulk Goods tend to be noisy and shrink is offset by sales to a corresponding dump SKU.
Loc6:MGOEX	--	--	Location 6 = MGOEX	Setting a SKU's Location 6 to MGOEX will treat all shrink to the SKU as excluded. This setting can be used to classify a range of SKUs in your store if the above classifications are not suitable for your organization.
Stop Sale	--	--	--	SKUs with active recalls or vendor stop sale notices are treated as excluded. Ideally, these items would be removed from inventory via a credit PO since a credit is typically issued from the vendor.
